

# MULTIMEDIA SCIENCE

## Introduction

In the dynamic landscape of business and branding, a logo stands as a visual ambassador, encapsulating the essence and identity of a brand in a single, memorable mark.

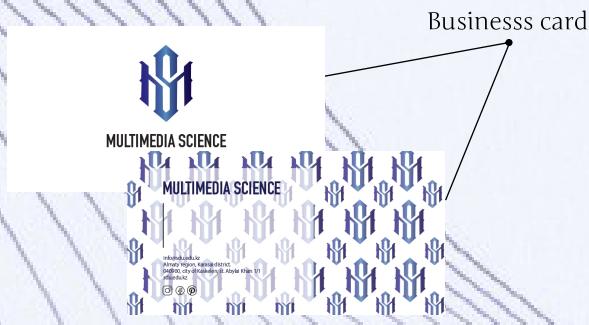

Badge for Staff

## Why this logotype?

At the heart of our identity lies the MMS logotype, a visual embodiment of the brilliance that defines the Multimedia Science Faculty. Crafted with precision and purpose, the logotype features the iconic letters "MMS".

Business card

**M**ultimedia science. The purpose of the Multimedia Sciences program is to prepare multi-disciplinary specialists for the creative industry in three main paths: "Graphic Design"-, "Game Development", and "Industrial design" and to provide students with a professional grasp of the basic principles and understanding of the foundations of design.

**Faculty:**  
Faculty of Engineering and Natural Science

**Specialty:**  
Information Systems
